

Summer '23 Site Newsletter

Welcome To The RELIEF Trial

A very warm welcome to the RELIEF Trial study site newsletter. The newsletter will be used to share site and recruitment updates, hints and tips for successful recruitment and retention, celebrating success, and provide training updates.

REDCap Database

Whilst we all find our feet with the database, which we know many of you have not used

before, please do contact us with any queries or issues. If it seems like it is not working as it should or you are struggling to find your way around, don't hesitate to reach out to us. We are happy to provide extra training if this is something you think would be helpful.

Substantial Amendment 01

Our first substantial amendment has now been approved. All documentation will be circulated very soon; please continue as you have been until the amendment has been implemented and database updated. We will notify you as soon as this happens.

Meet The Team

Hello everyone, and welcome to the RELIEF team! We would like to introduce: Hugh Jarret, senior trial manager; Beverley Brown, trial manager; Michaela Steytler and Juliet Jackson, trial coordinators; and Ian Taylor, trial administrator.

We'd like to thank you all for coming on board and your recruitment efforts so far. We are here to answer any questions, help with any problems, and keep you up-to-date with general trial progress and processes. Do not hesitate to contact us relief@nottingham.ac.uk

Open Sites

The following sites are open to recruitment:

Nettleham Medical Practice
Hopwood Medical Centre, Heywood
Royal Primary Care Ashgate
Marine Lake Medical Practice
