

Substantial Amendment 03

Our third substantial amendment received its final approval on the 28th March 2024. You should have received notification, documents, and approvals for this (if you have not, or need them resending, please let us know!).

This amendment introduces a £15 voucher for all patients who attend a baseline assessment; they **do not** need to be randomised in order to qualify for the voucher.

As this required a protocol change, we now require a new **Protocol Signature Page v3.0**. Please can you send this to us as soon as you can, no later than **20th June**?

If you have any questions regarding this amendment, please do not hesitate to get in touch!

Site and Recruitment Update

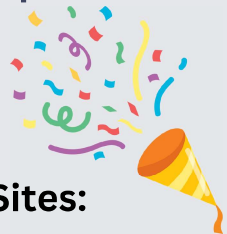

May was our best recruiting month to date with **114** new patients randomised! **WELL DONE!**

New sites:

The Hall Practice

Honiton Surgery

Helix Medical Centre

Port Isaac Surgery

Bilbrook Medical Centre

Orchard Surgery

Prospect Medical Practice

Roman Road Health Centre

Reminder

Please remember that documents should not be shared between sites. This is particularly important if you are a member of a CRN working at multiple RELIEF sites. Due to the SWAT, it is very important that sites use only the relevant documents according to their SWAT allocation.

If you have any questions about your site's allocation, please get in touch and we can let you know.
