

## Docmail invitations

Just a quick reminder to please ensure that you **anonymise the first line of the Docmail spreadsheet**. We have not been given consent at the invitation stage to see any patient details, so if this first line is not anonymised, we risk breaching GDPR.

If you require any help or assistance with the Docmail process, please let us know and we will be happy to assist.

## Participant pathway

Please remember that all data in Arm 2 of the database must be entered before consent and randomisation can take place.

Eligibility must be completed and signed off before a participant can be consented and randomised.

If the database is not letting you proceed, please check that all required forms are completed. Do not proceed on paper in order to circumvent the database.

If you are experiencing problems with the database, please let us know and we will do what we can to help.

# THANK YOU

We recruited more participants in November than any other month so far! We would like to say thank you to all of you for your efforts on the trial.

## Site and Recruitment Update

**Randomised Participants:**  
76

**Sites open:**  
35

New sites:

Bovey, Tracey and Chudleigh Practice

Sunrise Medical Practice  
Hazelvalley Family Practice

Davenport House Surgery  
Breckland Alliance

Shifa Surgery  
Trinity Surgery

Page Hall Medical Centre  
Mid Sussex Health Care

Camberley Health Centre

## Combined Inhaler Dosages

Please ensure you are prescribing only the following dosages:

Fostair 100/6

Symbicort 100/6

Luforbec 100/6

Fobumix 80/4.5

If any other dosages are prescribed, this will constitute a protocol deviation.
